

Town of St John 93rd Ave & US41/Wicker Ave Improvements

- Conceptual planning completed with First Group Engineering.
- Budget approximately \$2.9 million is already funded via 2020 General obligation bond. Amount may be flexed using budgeted 2023 road funds and/or potential excess in GO bond fund.
- No homes or businesses will be taken for this project.
- Adds dual left turn and dedicated right turn on 93rd Ave eastbound approach to US41/Wicker.
- Adds left turn lane on westbound 93rd at intersection of Keilman.
- Adds dedicated right and left turn lane on Keilman approach to 93rd Ave.
- Adds right turn lane on 93rd westbound approach to US41.

Town of St John 93rd Ave & US41/Wicker Ave Improvements

- Resurface Keilman 93rd to School.
- Resurface 93rd from US41 to Town Hall/NS railroad.
- Adds decorative lighting to US41/Wicker between 93rd and 97th Lane including backlit intersection street identification with “Town of St John” logo and black on white color theme.
- Potential add-on if old dental office site redevelops, add right turn lane to northbound US 41 at 93rd plus extra through lane on 93rd.
- Water main under 93rd Ave to be replaced before improvements.
- Next steps, full engineering, land acquisition, utility relocation and/or replacement.
- Estimated construction 2023

10' Turn Lanes
 11' Thru Lanes
 6' Sidewalk
 No Utility Strip
